

Sept. 14, 1971 - Tuesday

Dear Vicki and Jim,

Thank you for the letter and the check. Also the dollar bill which is of no value but I think I will keep it anyway.

We had a nice Labor Day weekend up at the cabin. We caught lots of nice fish over at Huckleberry Creek. They all were around eight to ten inches. Dad had a huge steel head on his line but finally lost it because the fish broke his line and got away. Dad had so much fun trying to get it in that he couldn't feel too badly that it got away.

Saturday eve went to the football game and the weather was perfect. After the game we went over to Mary and Mike's and Mary fixed dinner and we played bridge.

Sunday eve the hundred dollar a plate dinner for Durkin at the Polynesian. Mary gave us tickets and also some extra ones so we invited Bensons, Donnellys and Marty and Ida. We had a wonderful time and when we left the eight of us went over to Bensons and the men played pool and the women played bridge.

Next Monday the Swedish class starts at the Swedish Club. Then Wednesday night

-2-

The class starts at the Community College
in conversational Swedish. Dad signed up
for that one so it will be nice having him
along. He has to go back to Cebolla Cebolla
this week and if he gets back for the
weekend we are going up to the cabin
again. We are having beautiful fall weather.

I hope the rings arrived. I should have
sent it air mail since parcel post is so
slow.

I am going to play bridge this morning so
had better get ready. I am going to play
tomorrow also and then I will probably
give it up for awhile so I can learn Swedish.

Our seafood market ships crab and salmon
anywhere so I was thinking you might like
to plan a party and I would send you a
shipment of our local crab which might
be a novelty there since the hard-shelled
crab is so different from the soft-shelled.

I hope everything is going along fine and
have a nice weekend.

Love,

Mom.
